SECTION V.

Notable Institutions in Trivandrum.

SRI CHITRALAYAM

(Gallery of Asian Paintings).

The Sri Chitralayam was opened on September 25, 1935, by His Highness the Maharaja of Travancore in order "to provide for the enjoyment, education and development of the artistic taste of the people by means of a collection of pictures representing the various eras of painting in India, along with some indication of the art in other parts of Asia that have been influenced by Indian culture".

The Gallery was reconstructed out of two bungalows side by side in the Museum Gardens, Trivandrum, the reconstruction, selection of exhibits, hanging and cataloguing being done under the direction of Dr. J. H. Cousins. The first bungalow (single storeyed) is laid out in three sections illustrating modern Indian painting in works by (1) the pioneers of the revival of painting in Bengal, (2) their pupils and (3) other schools elsewhere in India that arose out of the movement.

The second bungalow (two-storeyed) has a large permanent loan collection of Indo-European paintings by Raja Ravi Varma and other members of the Kilimanoor family, on the ground floor. The rooms on the upper floor contain collections of Persian, Mughal, Rajput, Kalighat, Tanjore, Tibetan, Japanese, Chinese and Balinese paintings and prints and a unique series of copies of Indian mural paintings from prehistoric times, down through the eras of Ajanta and Bagh, to recent times in Cochin and Travancore.

The gallery thus gives a continuous view of Indian painting and is of high educational and historical value.

A small collection of tempera paintings, mainly related in subject and sentiment to India, by the world-renowned artist Nicholas Roerich and his son Svetoslav Roerich, which was added to in 1939 and 1941, has recently been transferred to the Museum Annexe.

A catalogue with historical and biographical notes and short descriptions of some of the paintings is on sale for four chuckrams.

The levy of entrance fee of two chuckrams per head was abolished from the 7th September 1940. A large and growing number of visitors from the State and outside visit the gallery.

THE MUSEUM AND GOVERNMENT GARDENS.

The idea of a Museum at Trivandrum originated with Mr. Allan Broun F. R. S., Director of the Trivandrum Observatory in the year 1852. Three years later, a Museum Society was organised with His Highness the Maharaja as Patron, the British Resident as President and Mr. Broun as Secretary. Its object was to afford instruction and encouragement in arts and crafts by the exhibition of specimens of natural history and products of industry, indigenous and foreign. The nucleus of the institution was a collection of minerals and rocks presented by the President. The present building, designed by the Consulting Engineer to the Government of Madras and named the Napier Museum after a former Governor of Madras, was completed in 1880. The building is of considerable architectural beauty. Three commodious halls connected by long corridors, with four towers and numerous gables, ornamental ceiling panels and wood work, coloured panes and artistically painted walls both inside and outside, constitute the main scheme of the building.

An excellent collection of South Indian Bronzes and typical examples of Travancore Arts and Crafts are tastefully displayed in the galleries. Admission to this educational institution is free, and one day in the week is set apart for *gosha* ladies. Over five lakhs of people visit the Museum every year.

The Museum building owes its beauty partly to its fine setting in a beautiful park. Fifty acres of hill and dale are tastefully laid out in paths and terraces; lawns and lakes, shrubberies and rockeries, flower-beds and conservatories, interspread with the runs and cages of the Zoo. Beginning from the lower level at the lake the ground rises tier on tier till it spreads into an extensive terrace converted into an ornamental garden in which the Museum stands. Weekly concerts are provided by the State Forces and Police Bands. Long flights of steps and grassy slopes leading down to the lake with clumps of golden bamboos and stately trees form the chief feature of the Lower Garden. There are nearly three miles of roads and foot paths; and a number of comfortable garden benches are provided.

The Zoo was started in 1859 with the gracious gift of the Palace menagerie by His Highness the Maharaja. It now contains a fairly representative collection of birds and animals

numbering about 675. This section is perhaps the chief attraction of the institution. Admission to the Zoo is by tickets priced at one chuckram per head.

The "Park and Zoo" on the one hand, and the Museum on the other, form separate institutions at present. The former is known as the "Government Gardens," controlled by an Honorary Director assisted by a full time Superintendent, and the latter is under an Officer in Charge. The Museum exhibits have been added to and rearranged, of late, under the supervision of Dr. Jayaram Cousins, now Art Adviser to Government with a view to enhancing the scope of the exhibition of specimens of local arts and crafts. An annexe to the Museum, exclusively devoted to the exhibition of a rare collection of valuable specimens of Java Bali art, and of a few paintings by Nicholos and Svetoslav Rœrich has been recently opened.

THE TRIVANDRUM PUBLIC LIBRARY.

Housed in one of the most beautiful buildings in the town, the Trivandrum Public Library is one of the most popular institutions among all classes of people. It had its beginning in 1847 when the Public Library Society was organised with a limited membership. In November 1894, the Society was registered as a Joint Stock Company and became the Public Library Association, membership being thrown open to all persons residing in Trivandrum and conforming to the Rules. In 1897, the Association, under an agreement, handed over its entire property to Government on condition that Government erect a suitable building and "establish a free library to be handed over to the public in commemoration of the sixtieth year of the Queen's reign." Since 1898, the management of the institution rests with Government.

The Library now contains nearly 36,000 volumes, and the number is being daily added to. There is a good collection of very old, rare and costly books and manuscripts, which are available for consultation by any one. The Library subscribes for nearly 64 periodicals.

Subscribers have to pay a deposit of Bh. Rs. 3 or 2 and a subscription of annas 8 or 4 according to the number of volumes they borrow from the Library.

With a view to extend the usefulness of this institution to the people of Travancore outside the Capital, there is provision made for the affiliation of mofussil libraries to this institution.

THE VICTORIA JUBILEE TOWN HALL, TRIVANDRUM.

The Victoria Jubilee Town Hall, Trivandrum, was erected by public subscription, as a permanent memorial of the Golden Jubilee of the great and glorious reign of Her Majesty Queen Victoria. It was formally opened by His Highness the Maharaja on the 25th January 1896. The Government gave a handsome contribution of Rs. 35,000 as well as the site, measuring nearly an acre, for the purpose. The work was designed and executed by the State Engineering Department.

With its lofty well proportioned hall, stained glass windows ornamental cornice, beautiful proscenium and five-storeyed steeple tower, the building presents an attractive spectacle. The Hall can accommodate 600 to 700 persons, besides 150 in the balcony and nearly 200 on the dais, which may also be used as a stage for theatrical performances. Three hanging curtains, a large embroidered velvet drop and a number of rotating side screens, are furnished on the stage, to serve histrionic purposes.

Electric fans and lights are provided throughout, and special arrangements exist for lighting the stage. There are green rooms and out-houses. A well laid out garden surrounds the main building. SCHOOL OF ARTS.

This institution was started on 17-7-1064 M. E. (February 1889 A. D.). The industries such as carving in wood, coconut shell and ivory and Kuftgari work were started in Kumbhom 1064 when the school was started. Pottery manufacture was started in Chingom 1065 and silversmith's work in Chingom 1072. Inlaid work in ivory was also introduced later on. The institution was put in charge of a Superintendent and a visiting committee was appointed in 1071. The committee continued till 1080 when it was abolished.

Thirty students are given instruction in the drawing subjects as well as in any one of the handicrafts, *viz.*, ivory, wood carving, silversmith and Kuftgari and pottery work. A fresh batch of 15 stipendiaries is generally admitted once in two years but vacancies which may arise are also filled up once in a year.

The course of instruction covers over a period of four years. Other students are also admitted and given instruction in the drawing subjects on payment of Rs. 12 and Rs. 18 per annum for the lower and the higher classes respectively. The paying students and the stipendiaries are also prepared for the Madras Government Technical Examinations in Drawing subjects and Clay Modelling.

There is also a Lacquer work section which was started in the year 1930 and in which instruction is imparted in the making of lacquer-wares. Seven stipendiaries are admitted in this section once in two years. Advanced processes in lacquering including chased and granite work has since been introduced in the Lacquer work section.

Ivory, Kuftgari, silver, pottery and lacquer-ware articles are manufactured and sold.

The articles made in the institution are kept for show and sale in the Trivandrum Sales Depot, the Sri Mulam Shastiabdapurti Memorial Institute, Trivandrum and in the School of Arts itself. The manufacture and sale of articles in the School of Arts are regulated by rules framed under the orders of Government.

All enquiries and orders in respect of the articles should be addressed to the Superintendent, School of Arts, Trivandrum.

Articles manufactured in Indian style of design are, from time to time, sent for exhibitions both in and out of India and many medals have been obtained for the excellence of the articles.

THE TRIVANDRUM SALES DEPOT.

In September 1932. Government sanctioned the opening of a Sales Depot in Trivandrum as an experimental measure and the Depot was opened on the 10th Makarom 1108. It is now housed in a building near the Mascot Hotel. Since 1108, it is being continued year after year on a temporary basis.

The Depot is intended to serve as a medium of advertisement for industrial products and also as an agency for the sale of these products. It is not a profit-making concern. Many private individuals and institutions, besides the Government institutions, have taken advantage of the Depot and exhibited their articles for sale there. The volume of business transacted annually amounts to about Rs. 15 000.

The Depot is under the charge of a Manager. It undertakes to receive exhibits and sell on commission, articles of all description which are *bona fide* products of cottage industries or factories in Travancore. The articles are to be delivered at the Depot by the owners at their cost. A commission of 10 per cent. is charged on all articles entrusted by private persons or institutions for sale and $6\frac{1}{4}$ per cent. on all products of Government institutions. The accounts of sales are closed every month and the amount due less commission is paid to the owner of the articles during the succeeding month.

Besides this, a Loom accessories depot has been attached to it. This sells all kinds of loom accessories to the local weavers and weaving institutions.

THE SRI CHITRA HOME FOR THE DESTITUTE AND THE INFIRM.

With the object of eradicating mendicancy and distress by methods of organised relief, the Home was inaugurated under the gracious auspices of His Highness the Maharaja in 1931, and was formally opened by Her Highness Maharani Setu Parvati Bayi in 1934. The institution, now housed in a spacious building with extensive premises at Pattam, is so equipped as to afford accommadation for fifty inmates. It is under the management of a full time Resident Superintendent, assisted by an adequate staff and controlled by a Board of Management. There is also an Orphanage attached, with accommodation for 50 children, under the care of a Resident Matron.

Indigent and infirm persons of either sex above 40 years of age and orphans under 16 are admitted, on proper certification

irrespective of caste or creed. They are fed, clothed and housed, and the children are sent to school. No effort is spared to make the condition of the inmates as happy and contented as possible with the resources available.

The funds of the institution are almost entirely made up of the munificent grant of Rupees half a lakh from the privy purse of His Highness the Maharaja. The interest on this amount which, together with the gracious contribution of Rs. 1,000 from Her Highness Maharani Setu Parvati Bavi and the handsome donation of Rs. 500 from Rao Sahib Udarasiromani T. Padmanabha Rao, as also casual subscriptions now aggregating to nearly Rs. 1,500, which make up an endowment fund, is the main source of income for the upkeep of the institution. This is augmented by generous Government grants, so far amounting to Rs. 38,400. Lump sum donations, subscriptions either periodical or casual and contributions towards feasts payable either to the Honorary Secretary or the Honorary Treasurer, are gratefully accepted.

The Board of Management is sparing no pains to increase the resources of the Home.

WOMEN AND CHILDREN'S HOSPITAL, TRIVANDRUM.

The establishment of a separate Hospital intended exclusively for women in the State dates back to the year 1070. It was styled the Maternity Hospital and was intended for treating Maternity cases rather than all diseases to which women and children are subject. It was placed in charge of a Male Assistant Surgeon. After some years a Lady Doctor was appointed as the head, and the Hospital began to grow in usefulness and popularity. But it continued to fail to attract Indian women of the better classes. His Highness the Maharaja, however, felt that the time was ripe for giving the Capital a first-rate Hospital for women and children, and accordingly in 1091 (1916) the present Hospital at Thycaud was opened with 90 beds, and for the first time the Hospital was placed under an Indian Lady Doctor trained in London. It has now 154 beds. Separate Wards were provided for treating Maternity, Gynaecological and Medical cases. Ten rooms for paying patients and a ward for children were also attached. The institution has grown in numbers and in efficiency during the past 27 years, and it attracts patients not only from different parts of Travancore, but also from British India, Burma and Ceylon and the East Indies,

The Hospital, which started with about 30 in-patients and 50 out-patients daily, and about 100 maternity cases a year, has now about 300 in-patients and 400 out-patients daily and over 3000 maternity cases a year. About 800 major surgical operations are also performed every year. It is interesting to note that in 1936, the Women and Children's Hospital at Trivandrum stood fourth among all the Women's Hospitals in India in the number of maternity cases treated. All classes and communities have got over the old prejudice of coming for treatment to the Hospital.

The Hospital is run entirely by women and the present staff consists of:—

The Superintendent
Four Assistant Surgeons, one of whom is the House Surgeon
Five Sub-Assistant Surgeons
Four Honorary House Surgeons
One European Head Nursing Sister
Seven European Nursing Sisters
Twenty Indian Nurses
Twenty-three Warders
Seventeen Midwives
Five Compounders

Dewan Sir C. P. Ramaswami Aiyar, realising the impossibility of the Government being able hereafter to supply all the increasing requirements of the Hospital, started a Hospital Donation Fund with a handsome gift from himself. Several persons have followed his laudable example and one donor has given Rs. 2,000 towards the building of a new Labour Ward to be named "Her Highness Karthika Thirunal Labour Ward" This ward was opened on 31-10-1113/15-5-1938, and it is the first of its kind in Travancore. Another donor Mrs. R. Janaky Ammal, wife of late Mr. S. Ramaswami Iyer, Branch Secretary, Oriental Life Insurance Co., Ltd., has defrayed the expenses of constructing a ward with 4 beds in this institution named 'Ramaswami Iyer ward' and this ward was opened on 2-1-1117.

During the last 14 years, a two years course for Nurses has been regularly held in this Hospital, and all the Nurses who passed out have been employed by Government in the various Hospitals in the State.

A class for a two years course for the training of midwives has been opened in this institution from 1-2-1119.

Many eminent persons from different parts of the world have visited the Hospital from time to time including Their Excellencies Lady Irwin, Lady Willingdon and Lady Linlithgow. They have all been greatly impressed with the efficiency of the institution and its air of cheerfulness and comfort. Her Excellency Lady Willingdon, on the occasion of her second visit to the Hospital in 1933, noted in the Visitor's Book:— "It was a great joy to me to be able to visit this delightful Hospital again. I always remember it as one of the best I had seen in India, and now I am quite sure it is one of the best."

SRI CHITRODAYA NARTHAKALAYAM.

(The Travancore School of Kerala Dancing).

The Sri Chitrodaya Narthakalayam was started on the 6th February 1937, with the permission of Government, for imparting instruction in Indian Classical Dance based on Natya Sastra as practised in Kerala. The Narthakalayam is run as a grant-in-aid institution under the management of Mr. Gopinath, the Palace Dancer, and under the general supervision and guidance of the Palace Sarvadhikariakar. The Narthakalayam is having its headquarters at Poojapurai which is one of the healthiest localities in Trivandrum. The new buildings constructed by Government for the use of the Narthakalayam provide sufficient accommodation, having separate rooms for holding practical classes and for providing lodging for the members of the staff and residential students. The institution is equipped with suitable furniture, musical instruments and dance equipments. Instruction is mainly imparted by Mr. Gopinath and Sry. Thankamani (Mrs. Gopinath) supported by a select group of musicians who form the background orchestra. The course of instruction to regular pupils extends over a period of six years, at the completion of which certificates will be issued by the Palace Dancer, countersigned by the Palace Sarvadhikariakar. The course commences each year in June and closes in April. The institution is working on all days except Mondays and important gazetted holidays.

The institution is open to all who desire to receive a course of instruction in Indian Classical Dance. Admission to regular classes is limited to boys and girls between the ages of 12 and 18.

Special classes are also held to suit the convenience of persons who could not join the regular classes. These special

classes are of two kinds; one for persons belonging to the State who could not find it convenient to be students of the regular classes, and another for persons from outside the State who could make only a short stay at Trivandrum for receiving instruction.

For admission to the special classes, there is no age restriction. Special class students who belong to the State are usually admitted only twice a year, *i. e.,* within a month of H. H. the Maharaja's Birthday Celebration and within a month of the re-opening of the Narthakalayam after the Midsummer holidays. Special class students from outside the State are admitted to the Narthakalayam with the permission of the Palace Sarvadhikariakar at any time of the year except during the Christmas holidays and the Midsummer holidays. Special class students, coming from outside, should agree to undergo training at least for a period of three months and pay three months' fee in advance on admission. They should also produce an identification and conduct certificate along with their application from any important officer of the place from where they apply.

Pupils who undergo regular course of instruction have to pay a monthly fee of Rs. 5. Fees for special class students who belong to the State are Rs. 7½ for the first year course, Rs. 10 for the second year and Rs. 15 for the third year. Fees for special class students from outside are Rs. 75 per mensem. Pupils undergoing the regular course of instruction can have their boarding in the Narthakalayam on payment of Rs. 12 per head per mensem. Special boarding and special lodging could be conveniently arranged for those who seek admission to the special classes.

Attached to the Narthakalayam is a Dancing Troupe which is available for public and private performances in and outside the State. Arrangements for such performances can be made by correspondence with Mr. Gopinath, Palace Dancer, Trivandrum.

The expenditure on account of grant to the Narthakalayam is debited to the Education Budget.

SRI SWATHI TIRUNAL ACADEMY OF MUSIC.

The Academy of Music which was started as a departmental Institution on the 10th September, 1939 has been made permanent from 17th August 1942. The institution is intended for popularising the compositions of His Highness Sri Swati Tirunal and also to impart higher education in music.

The Academy is housed in a very spacious building situated south of the Residency. The institution is well equipped with suitable furniture and necessary musical instruments. A small library consisting of books on Sangita Sastra is also attached.

The Academy provides a three years' Diploma course in Vocal music. Admission is open to all between 15 and 21 years of age and who have studied up to class VII or Form III who desire to undergo the course subject to the rules of the institution. Instruction is imparted to men and women separately. The fee for the entire course is Rs. 120 levied during three academic years, in 8 instalments of Rs. 5 each per year. The course commences every year in July and closes in April. The institution works on all days except Sundays and other Government holidays.

Brahmasri Semmangudi R. Sreenivasa Iyer is the Principal of the institution. The teaching staff has been increased to seven Professors, (they being Messrs. N. V. Narayana Bhagavathar, M. A. Kalyanakrishna Bagavathar, K. R Kumaraswami Aiyar, K. V. Kesava Bhagavather, C. S. Krishna Aiyar N. G. Sitharama Iyer and T. K. Jayarama Iyer) and two Sanskrit Pandits. THE AQUARIUM.

The Aquarium, which forms part of the Marine Biological Laboratory of the University, was opened on the 28th October, 1940, by Her Highness the First Princess. It is designed to meet the needs of the Department of Marine Biology and Fisheries and also to serve as an educational and recreation centre for the general public.

The Aquarium is situated on extensive grounds on the Chackay-Shangumukhom Road and is the largest and most up-to-date of its kind on the mainland of the Asiatic continent. It contains 25 reinforced concrete tanks, each $10' \times 3\frac{1}{2}' \times 3'$ with 1" thick glass plates in front. The tanks are arranged on both side of a 'U' shaped corridor. The outer side of the 'U' is lined by fifteen sea water tanks, while the inner side is occupied by two parallel longitudinal rows of tanks, with five tanks in each row for fresh water and brackish water.

All the tanks are lighted up from invisible sources and this enables the visitor to get brightly illuminated view of aquatic fauna. Great care has been taken to reproduce in the tanks the conditions obtaining in the habitats of the various exhibits.

The tanks contain a collection fairly representative of the river, lake and sea fishes of Travancore, and other varieties of rare and interesting forms of aquatic life.

The aquarium is open to the public from 8 A. M. to 11 A. M. and from 2 P. M. to 6 P. M. on all days. The admission fee is one chuckram.

The Syrian Knanaya Diocese of Malabar.

A racial diocese comprising only of Knanaya Syrians who are the lineal descendants of the Syrian Colony that settled down in Malabar in A. D. 345 under the leadership of the famous Syrian Merchant Thomas of Cana. The original colonists who hailed from Edessa (Urfa or Uraha) and the neighbouring places in Syria consisted of about 400 souls—men, women and children with their Bishop Mar Joseph of Uraha, a diocese under the Patriarch of Antioch. They landed at Cranganore where they were welcomed by the ruler Cheraman Perumal and the slowly dying native Christian community. The church in India was rejuvenated and replenished by this colonisation, though the colonists kept aloof from intermarrying with anybody outside, which custom is still in force. On the arrival of the Portuguese in the 16th century the Knanaya Syrians had to migrate from Cranganore to the northern and central parts of modern Travancore which they occupy at present.

The Knanaya Syrians formed a homogeneous community until the Portuguese times when they became divided into two sections, one remaining faithful to Antioch and the other joining the Roman Catholic Portuguese. After the death of Mar Joseph they had no bishops of their own until 1910 when Patriarch Abdulla II of perpetual memory consecrated Mar Severius as Metropolitan of what is now known as the Syrian Knanaya Diocese.

The Orthodox (Jacobite) Syrian Church of Malabar.

History.—The Orthodox Syrian Church of Malabar, also called for historical reasons, Jacobite Church, is almost as old as Christianity itself, being founded by St. Thomas, one of the Apostles. In the fourth century Cnai Thoma, a Syrian merchant discovered these Christians and reported to the Catholicos of the East, whereupon he sent a colony of 400 Syrians to Malabar. These two communities got intermingled and came to be known as Syrian Christians. During the course of its long history it has suffered considerably owing to cessations and internecine quarrels. At present the Church is divided into two parties one of which restored in Malabar in 1088 M. E. the Catholicate of the East referred to above, which had long been vacant. The other party is directly under the Patriarch of Antioch, who resides now at Homs. Unfortunately the Patriarch and the Catholicos now don't recognise each other as such. Still it is hoped that sooner or later a reconciliation will be effected. The governing body of the Church is the Episcopal Synod and the Association Managing committee.

The Orthodox Syrian Christians number about 450 thousand; they have eight Bishops three on the Patriarch's party and five on the other, about 300 priests and 500 churches.

The Travancore Boy Scouts Association.

The Travancore Boy Scouts Association was inaugurated at a public meeting convened by the Government in November 1926 and has since been making continuous progress in number and efficiency. The headquarters of the Association draws its main financial support from Government who contribute an annual grant of five thousand rupees. It owns a Central Permanent Camp site (named Sri Chitra Scout Training and Camping Centre) with four Patrol sheds, a muster-hall and kitchen, in an extensive compound near the Kaudiar Palace. Boy Scouts and Scouters of Trivandrum are using the camp-site for week-end meetings and instructions. The office of the Headquarters of the Association is located inside the city for convenience of business.

There are nine Districts under its jurisdiction and a District Commissioner assisted by Assistant District Commissioners, administers Scouting in each District. The Association has now 265 units (178 Scout Troops, 14 Rover Crews and 73 Cub Packs) and 455 Scout Officers. Thirty-eight Training Camps for the benefit of Scoutmasters have been run under its auspices.

An All-State Rally of Boy Scouts Rover Scouts and Cubs is held every year at the time of the Birthday of His Highness the Elaya Raja (who is the Chief Scout of the State) and it proves to be an interesting show.

Supported by the Government and by the public, the Association was able to send a contingent of 20 Scouts from the State to participate in the All-India Jamboree held at Delhi in February 1937; and the Travancore Contingent acquitted itself well and drew much appreciative notice.

In September 1937, the whole movement was re-organised and placed on a completely autonomous footing under the control and guidance of His Highness the Maharaja as its Patron and under the management of officers nominated by him or appointed under Rules framed under his commands. In 1939 the Association has been re-affiliated to the All-India Association in view of the latter having dissociated itself from the Imperial Headquarters and affiliated itself as an independent National Unit to the Inter-national Bureau.

The Chief Executive head of the movement is the Chief Commissioner (now Sachivottama Sir C. P. Ramaswami Aiyar, K. C. S. I., K. C. I. E., LL. D.) and he is assisted by the Chairman of the Executive Committee and two Deputy Chief Commissioners and an Organising Commissioner.

Young Women's Christian Association.

The Association in Trivandrum was started in August 1917 when a group of Christian women met in the Town Hall to consider the needs of the women of the town and to decide how best to help them. The Young Women's Christian Association which unites women of all nationalities, castes and creeds, for service, and spiritual, intellectual, physical and social development, seemed exactly what was needed in Trivandrum, and a branch was started with a strong committee and about 100 members. The Association celebrated its Silver Jubilee in January 1943.

The first President of the Association was Mrs. Arthur Parker. When she retired, her place was taken by Dr. Mrs. Poonen Lukose who still continues to hold that office and by her wise counsels promotes the welfare of the Association.

A Hostel is run for students of all castes and creeds. A property was bought in 1922 by the money given by the National Y.W.C.A. and the present Hostel building was completed in 1929. It was formally opened by Lady Irwin on 8th December 1929. At present there are sixty-five students, four teachers and a few non-students resident in the Hostel, which has a staff of two secretaries and a matron.

The Association developed on broad lines and its four-fold purpose has been interpreted in the fullest sense The regular religious meetings, clubs, games, excursions, camps, conferences, and social gatherings of all kinds meet the needs of the members. The Association has shown very keen interest in social work. Visits to the patients in Hospitals, Reformatory School, women in jail, and health work are the chief undertakings In 1929 the Association opened a Health and Welfare Centre, the first of its kind in Trivandrum, and still runs it most effectively. There is a trained secretary and trained midwife in charge of the work. In November 1939 a Nursery class was started for the poor children of the centre under the supervision of a trained teacher.

Miss Nina T. Brentnall was the first General Secretary of the Association and she gave her valuable service for 16 years On her retirement, her place was taken by Miss S Mathew, Miss Mariam Chacko and Miss Aley Vergis in succession. At present Miss S. Ponnen acts as General Secretary. Miss Mathew who was the District Secretary for Kerala, is now appointed National General Secretary for the Y. W. C. A. of India, Burmah and Ceylon. Miss Mariam Chacko is now in charge of the District work and has her head quarter in Tiruvella.

The Association work is supported by the public. The hostel gets an annual maintenance grant from the University. A building grant was received from the Government for the Hostel Building. The Welfare Centre gets a grant from the Health Department and from the Corporation.

From Trivandrum the Association has spread and branches have been opened in most of the towns and villages of the State, and all these branches are affiliated to the World's Y.W.C.A. through the National Y.W.C.A. Annual Conferences are held to bring all these members together. The last one was held at Mallappally from the 10th to the 14th of September.

COLLEGES.

H. H. The Maharaja's Law College, Trivandrum.

On the 31st January 1875, the Government sanctioned "the organisation of Law Class in connection with His Highness' College at Trivandrum to enable candidates from Travancore to present themselves for the Law Examinations of the University of Madras and to encourage others to pursue the study of law systematically". The order sanctioning the scheme directed that it should be worked on the same lines as the class attached to the Presidency College at Madras. Dr. W. E. Ormsby, Barrister-at-Law, then a Judge of the Sadar Court of Travancore, was appointed Professor of Law in His Highness the Maharaja's College. Dr. Ormsby opened the class on the 9th of February of the same year, and in 1877, His Highness' College was affiliated to the University of Madras in the Faculty of Law also, the University agreeing to accept Dr. Ormsby's certificate as qualifying for admission to University Law Examinations. In 1891, an Assistant Professor of Law was appointed, the Professor and his Assistant each working two hours a week.

The class was thus worked till 1894, when, in conformity with important alterations in the bye-laws of the University *re* the B. L. Degree Examination, the institution was reorganised on an entirely different footing. The Law Class, which till then was worked as a part of His Highness' College, and the Professors whereof were treated as members of the staff of that College, was raised to the status of an independent College under the designation of "His Highness the Maharaja's Law College, Trivandrum". The staff was strengthened by the appointment of a Senior and two Junior Professors each working two hours a week. A Lecturer in Medical Jurisprudence working an hour a week was added to the staff in February 1897. In 1900, Government sanctioned certain important alterations in the scheme of the College as settled in 1894, and with a view to meet the altered conditions, again reorganised the College. In addition to the Principal, the appointment of two permanent Professors and two Elective Professors was sanctioned. The classes which were till then held in His Highness the Maharaja's College were removed to the upstairs rooms of the School of Arts. In order to make the institution self-supporting, the scale of fees was raised to that levied in the College till the end of the academic year 1930-31. The permanent Professors were drafted to the general service and from January 1905, the College staff was composed of a Principal, two Senior Lecturers, two Junior Lecturers and a Lecturer in Medical Jurisprudence. In 1908, the two Junior Lecturerships in the Law College were converted into two Elective Lecturerships on the same salaries, tenable for two years subject to re-appointment. In 1911 a Commission from the University of Madras inspected the College and in accordance with the suggestions contained in their report the staff was strengthened by the appointment of two additional Elective Lecturers with effect from July 1912. In 1920, the staff was reorganised, and the designations "Senior Lecturers" and "Elective Lecturers" were converted into "Senior Professors" and "Junior Professors" respectively, though the elective system

still held good in the case of the Junior Professors. In 1923, the Pleadership Classes were separated from the B. L. and F. L. Classes, and three additional Junior Professors were appointed to cope with the additional work entailed thereby. Till 1926, the European Judge of the High Court was invariably the Principal.

In 1929, a Commission from the University inspected the Law College, and in accordance with the recommendations contained in their report, Government sanctioned the conversion of the College from a part-time institution working in the morning and the evening, into a full-time institution working between 10 A. M. and 4 P. M. with a free interval of one hour between 1 and 2 P. M., with effect from the beginning of the academic year 1931-1932. The staff was reorganised by the appointment of a full-time Principal, two full-time Professors, five Elective Lecturers and a Lecturer in Medical Jurisprudence. The Elective Lecturers were to be appointed fom year to year, with permission to practise at the Bar. A College Council also was instituted. The scale of fees was revised to Rs. 144 per annum for the B. L. and F. L. Classes and Rs. 108 for the Pleadership Classes.

In 1933, Government sanctioned the suspension of the Pleadership Class for a period of five years with effect from the beginning of the academic year 1933-34 and reduced two Elective Lecturers and temporarily abolished the post of the Lecturer in Medical Jurisprudence. The tenure of appointment of the Elective Lecturers was extended to a period of three years. The scale of fees for the B. L. and F. L. Classes was raised to Rs. 160 per annum. The Pleadership Classes were abolished in 1938.

Till the end of 1908, the management of the College was vested in the Principal acting directly under the orders of the Dewan of Travancore. In January 1909, a slight modification was made by placing the Law College under the Director of Public Instruction. This arrangement was subsequently altered when, in April 1910, it was placed under the control of the High Court. In 1938, the College was transferred to the control of the University of Travancore.

The teaching staff now consists of a Principal, two Professors, and three Part-time Lecturers. The services of the Principal and the two Professors are pensionable. The appointment of the three Part-time Lecturers is temporary, they being appointed for a period of three years at a time.

The Law College had no separate building of its own till 1916. Till then it occupied certain rooms on the first floor of the School of Arts. The accommodation thus provided being insufficient, Government in 1912 sanctioned the construction of a separate building for the Law College. The new building was completed and occupied in 1916.

The Wills' Hostel accommodates a few of the Christian students of the Law College.

C. M. S. College, Kottayam.

This College is the second oldest College in India giving English education—the first was Serampore and the C. M. S College, Kottayam had its beginning about the year 1816. The College is at present a Second Grade College admitted to the privileges of the Travancore University. Up till 1938 it was affiliated to the Madras University. It is the natural development of the English School which was started in Kottayam on the advice of Col. Munro, the Resident, about 125 years ago by the early Missionaries of the C. M. S. in association with the authorities of the Malabar Syrian Church. This educational enterprise received considerable encouragement from the Ruling family. H. H. Rani Lakshmi Bai and H. H. Rani Parvathi Bai made substantial endowments in furtherance of the enterprise, the most notable of these endowments being the gift of a large tract of land on the edge of the Ashtamudi lake known as the Munro Island. The income from this land has been used all these years for the furtherance of the education of Syrian young men and now young women also, in this College This educational work which was originally carried on in the buildings now known as the Old Seminary. was transferred in 1838 to the buildings on the present site. The original building is still in regular use for the preparatory classes of the High School and still bears its old name of the Grammar School. The school which was usually spoken of as a College was affiliated to the Madras University soon after its incorporation in 1857—the first batch of students for the Matriculation Examination was sent up in 1862. With the spread of education, the demand for a College became insistent and representations were made to the C M. S. authorities in England by the old students and friends of the Institution to raise it to a First Grade College. The C M. S. granted this request and as a first step, affiliated the Institution as a Second Grade College and the F. A. class was started in 1892 and the College and School classes were held in the same buildings. In 1909, with the organisation of the Intermediate course a separate block of buildings was erected for the College section and in 1910 the College classes were transferred thither. The College was then affiliated for giving instruction in English, Malayalam, Sanskrit, Mathematics, Physics Chemistry, Ancient History, Modern History and Logic. In 1923, the College was further affiliated in Natural Science and in 1927, Indian History was also added to the subjects of instruction Hindi is also taught now as an additional language. The most recent development has been the admission of women students in 1938 and a fine new hostel has recently been completed in the present year 1941 at a cost of Rs. 12,000. The men students' Hostel which accommodates 45 students is situated in the College compound. The College has been a popular Institution with all communities and numbers many distinguished men in Church and State among its sons. It has always had a great tradition for sports and the playing fields are the finest of any educational institution in the State. The ultimate responsibility as regards policy and finance rests with the Church Missionary Society in London which has entrusted the management to a local Governing Board.

DEPARTMENTAL RURAL LIBRARIES.

With a view to the development and expansion of the Library movement in the State and the provision of facilities for adult education, Government, in December 1935, sanctioned the introduction of a Rural Library System in the State. In each of the four Educational Divisions, 15 suitable Departmental Primary Schools were selected, predominantly in rural areas, where library facilities did not exist; and a library and reading room was started in each of these schools towards the middle of 1111 M. E. Of the 60 rural libraries started during that year, 57 are Malayalam libraries and 3 Tamil ones. An allotment of Rs. 100 was made for each library for furniture and appliances.

The Headmasters of the schools in which Rural Libraries are housed are the Honorary Librarians. The Honorary Librarians are assisted by a Committee of 3 members nominated by the Assistant Inspector. The nominated members of the Committee hold office for 3 years, but are eligible for re-appointment. The Committee meets as often as the Honorary Librarian may consider necessary for the transaction of business. The Honorary Librarian keeps a record of the proceedings of such meetings. The Committee may make suggestions and proposals for the better working of the Library. The correspondence of the Committee is carried on by the Honorary Librarian. The Division Inspectors and the Assistant Inspectors inspect the libraries in their usual tours and report on their working to the Director of Public Instruction.

The use of the Library and Reading Room is free to the men and women of the locality. Applications for admission as subscribers should be addressed to the Honorary Librarian in the prescribed form. Subscribers to the Library shall pay a monthly subscription of Chs. 2 or 3 according as they borrow 1 or 2 books respectively at a time. Subscription for each month shall be payable in advance. Subscribers may suspend their subscription for one month or longer, provided that previously they give notice in writing to the Honorary Librarian and return all books in their possession and pay all outstanding dues. Subscribers shall deposit Chs. 14 with the Honorary Librarian before taking out books from the Library. The balance of the deposit, if any, after deducting all dues to the Library will be returned to the subscriber, when he or she ceases to be such.

The Library and Reading Room shall be open between 4·15 P. M. and 6·15 P. M. during working days for the school and between 8 A. M. and 11 A. M. and between 3 P. M. and 7 P. M. during other days (including Sundays) except a few specified holidays.

The Librarians are paid a monthly allowance of Rs. 3 each for their work. A fixed grant of Rs. 3-21-0 per mensem is also sanctioned to each library for meeting the contingent charges. In 1112, six additional libraries were started (5 Malayalam libraries and 1 Tamil). During 1113, 6 more Rural Libraries were started. During the year 1114, 6 more Rural Libraries were started (5 Malayalam and 1 Tamil). During 1115 also, 6 more Rural Libraries were started of which 1 was Tamil and 5 were Malayalam. The practice of opening new Rural Libraries was continued in 1116 also and 6 Libraries (one Tamil and five Malayalam) were opened

during the year. During 1117 also two Rural Libraries (one Malayalam and one Tamil) were opened. The system continued to function and four Rural Libraries (one Tamil and three Malayalam) were additionally opened in 1118. The total number of Departmental Rural Libraries in the State was thus raised to 96 as against 92 in the year 1117.

Contributions of books are also being received from the public in a large number of centres. The Department is subscribing for a daily and a weekly paper and 2 monthly magazines for each library. Copies of the Malayalam Almanac, State Administration Report in Malayalam and the Public Health Bulletins published by the Department of Public Health are also supplied free of cost to each library.

The people of the Rural areas where the Departmental Rural Libraries are started, are taking keen interest. Besides those who make a free use of the Reading Rooms attached to these libraries, there are men and women subscribers.

A savings bank account is opened in the name of the Honorary Librarian in the nearest Treasury or Anchal Office to remit the deposits collected from the subscribers. The accounts are pledged to the Assistant Inspector of the District. Amounts collected as deposits are entered both in the deposit register and in the cash book and remitted into the Treasury to be credited in the Pass Book. The monthly fees collected from the subscribers are entered in the subscription register and in the cash book and remitted into the Treasury twice a month.

A monthly statement of accounts showing the daily receipts and payments supported by vouchers and chalans is submitted to the respective Assistant Inspectors for scrutiny and record.

Aided Libraries.

There are at present 64 Reading Rooms and Libraries which are aided by the Education Department. Apart from the amount received from Government in cash as grant, these institutions are also allowed certain concessions with regard to the supply of Government publications. These institutions are supplied with copies of the following publications free of cost :—

1. Budget.
2. Administration Report.
3. Almanac and Directory.
4. Statistics of Travancore.
5. Annual reports of all the Departments of the State.
6. Malayalam Calendar.

All these aided institutions (both Urban and Rural) are also supplied with the Travancore Government Gazette at half the usual rates.

In recent years, there has been a distinct increase in the number of new Reading Rooms and Libraries.

As regards the actual amount of grant to be sanctioned, the following facts have been invariably considered as the deciding factors :—

(*a*) the general progress of the institution judged by its membership, the number of volumes of useful books it possesses, the number of persons benefited by the institution during the year etc., and

(*b*) the amount advanced by the management towards the purchase of new books and for subscribing for newspapers for the use of the institution.

The Rules for the award of grant-in-aid to Reading Rooms and Libraries and a list of the institutions that have been awarded grant this year are subjoined.

Rules Relating to Grants for Libraries and Reading Rooms.

'Reading Room', in addition to all that is included by 'Library' implies the existence of a room on the premises in which persons may read. Libraries and Reading Rooms may or may not be supplied with periodicals and newspapers.

2. *Conditions of eligibility for grant*. Libraries and Reading Rooms in the State shall be eligible for grant-in-aid from Government, provided they satisfy the following conditions:—

In no case shall the building or premises of any aided Reading Room and Library be granted for a meeting in connection with any political agitation directed against the authority of Government, or for the discussion of subjects which are calculated to cause ill-feeling between different sections of the community.

4. *Accounts, Records and Registers*. Complete accounts, registers and records should be maintained in the Library and Reading Room and these shall be open to inspection by the Assistant Inspecting Officers.

5. *Books and Periodicals*. Books and periodicals vetoed by the Director shall not find a place in any Library or Reading Room aided by Government.

11. *Infringement of rules*. Grants are liable to be withdrawn by the Director for infringement of any of the rules.

The Alleppey Chamber of Commerce, Alleppey.

(Incorporated in Travancore.)

The primary object of a Chamber of Commerce is to promote and protect trade, commerce and manufactures of the State, District or colony in which it is established. The Alleppey Chamber of Commerce incorporated under special licence issued by the Government of Travancore has been from its very inception in 1929 endeavouring to do its utmost to serve the best interests of the mercantile community of Travancore in general and of Alleppey in particular.

Membership is open to all bonafide merchants established and doing business in Travancore, without any distinction of class, creed or nationality. All members have equal privileges and equal rights in all matters relating to the administration of the Chamber. The membership fee is also fixed at a reasonably low level so as to enable all members of the commercial community to co-operate in the common cause.

It requires no great stretch of imagination to realise that the need for united effort on the part of the commercial community has never been so important as it is today. If businessmen will only realise this most vital factor necessary for ensuring success in career then perhaps the Chamber of Commerce would occupy its proper position at the head of the commercial community.

Besides attending to the multifarious functions of a Chamber of Commerce as publication of statistics, issuing certificates of origin and rendering all possible assistance to members in establishing trade connections abroad, the Alleppey Chamber of Commerce is also publishing a monthly trade journal 'The Commercial Review': The Review is the only one of its kind in South India and commands a wide circulation among Chambers of Commerce, commercial houses, and institutions throughout India and the Empire and other parts of the world and thus serves as the 'link' between the producer and his markets.

RULES FOR THE OCCUPATION OF REST HOUSES AND P. W. D. CAMPSHEDS IN THE STATE.

RULES FOR THE OCCUPATION OF REST HOUSES.

1. The Bungalows are maintained by Government in the interests of the travelling public and Government Officers on circuit and are in the charge of the Travancore P. W. D. Complaints as to any negligence or inefficiency of the servants employed in these Bungalows should be addressed to the Executive Engineer in charge of the Division, but complaints of a more serious nature may be made to the Chief Engineer. Persons occupying Rest Houses are expected to exercise due consideration and care for the Bungalows and furniture and any defacing of the walls or wilful damage to or spoiling of the furniture will render the occupants liable to expulsion from the buildings besides payment of damage.

2. Rest Houses are of two classes, according to the nature of the convenience provided. A First Class Rest House is in the immediate charge of a butler who also caters to the travellers on payments made in advance. A tariff of charges for ordinary meals is posted in the Bungalow. The tariff is however subject to alteration or revision from time to time without previous notice. There is only a watcher in charge of a Second Class Rest House. He is not expected to cook; but will render such assistance as he can in this matter to travellers.

3. A list of Rest Houses of the two classes is attached.

The fees for occupation are as below :—

Accommodation.	*First Class Rest House.*	*Second Class Rest House.*
(*a*) for each adult for a period of 6 hours or portion thereof in any one day ...	As. 8	As. 4
(*b*) for each adult for one day or any longer period than 6 hours in any one day ...	Re. 1	As. 8

3 A. The fees for occupation of Rest Houses provided with electric installation are as below :—

	First Class Rest House. Rs.	As.	P.	*Second Class Rest House.* Rs.	As.	P.
(*a*) for each adult for periods of six hours in any one day or portion thereof ...	0	12	0	0	8	0
(*b*) for each adult for a whole day of 24 hours calculated from the hour of arrival or any period longer than six hours in any one day ...	1	8	0	1	0	0

NOTE :—1. Members of the same family occupying the same room shall pay only one fee, the word "family" means a man, his wife and children irrespective of the number or a party of 3 adult members of the same family and the word "room" means a suite of rooms including the dressing and bath-rooms.

2. Only 75 per cent. of the above fees will be charged in the case of Government Officers drawing a salary of Rs. 150 and above and up to Rs. 300 and only 50 per cent. in the case of such Officers drawing a salary of less than Rs. 150. Government officers whenever they occupy Rest Houses should note their salary in the Occupation Register failing which they will have to pay the full fees as per rules.

3 Servants travelling by themselves independently of their masters shall not be permitted to occupy Rest Houses. But if they go in advance of their masters to the Rest Houses or stay behind for packing and removing *samans* they may occupy the out-houses without payment of fees.

4. When, however, the masters themselves do not, for any reason, occupy the Bungalow in the course of the day or the night, as the case may be, after the servants begin to occupy the out-houses, half the above rate of fees will have to be paid by such servants for every day of their occupation commencing from the time of their arrival with the *samans*.

5. When parties of persons make a brief halt at the Rest House where there is not accommodation for the rooms to be assigned—one room for every two persons—the rent would not be person-war but would be room-war at the rate of 2 persons per room for the number of rooms available in the Rest House, the term brief halt meaning not more than 3 days.

6. 'Day' means a day of 24 hours counted from the hour of arrival of a traveller.

3B. Occupation fee for the new Rest House at Cape Comorin (The Cape Hotel) will be Rs. 2 per day per room for each traveller; but if a party of travellers occupy a single room, the principal member should pay Rs. 2 and every other member of the party should pay Re. 1 not more than 3 to occupy one room, children in arms being free. For occupation for periods of 6 hours or less in a day by individuals or parties, the fee shall be half the above rate. Accommodation in the Cape Hotel may be reserved on payment of the above fee without limit of time on formal application to the Division Officer, Nagercoil. The full amount of fees for the period of reservation should be sent along with the application for reservation from travellers other than Government Officers. Unless intimation to the contrary is given before the commencement of the period for which reservation is sought for Government Officers on whose request the accommodation is reserved will be liable to pay the fees for the reservation whether or not they actually occupy the building. No refund of fees paid by travellers other than Government Officers will be made except when the reservation sought for is not granted or when for any reason not due to their fault, the occupants are not allowed occupation for the full period of reservation.

NOTE:— Besides the above fees, the amount of 4 annas per head for period not exceeding 6 hours and 8 annas per head for periods exceeding 6 hours in a day will be charged from the occupants for the use of electric current when the same is made available for use.

4. Travellers in actual occupation of Rest Houses have the right to continue occupation in preference to all later arrivals or applicants for twenty-four hours from the time of initial occupation provided it is not reserved in the meantime under the orders of Government. Occupation for a maximum of 15 days may however be allowed by the Executive Engineer in all Rest Houses except the new Rest House at Cape if no later applicants require accommodation.

5. Occupation for more than 15 days may be allowed with the permission of the Chief Engineer who may grant permission up to 30 days and occupations for periods over 30 days may be allowed with the sanction of Government, if no later applicants require accommodation.

6. Accommodation in Rest Houses may be reserved for Government Officers and other travellers for a period of 3 days at a time on formal application to the Division Officer concerned. For reservations for periods in excess of 3 days, the fee shall be double that of the ordinary fee. Unless intimation to the contrary is given before the commencement of the period for which reservation is sought for, Government officers, on whose request the accommodation was reserved, will be liable to pay the occupation fees due for the period of reservation whether or not they actually occupy the building. The full amount of the occupation fees for the period of reservation should be sent along with the application for reservation from the travellers other than Government Officers. In cases of extensions of reservations the full fee for the extended period should be paid in advance at the commencement of the period of extension. No refund of fees paid will be made except when the reservation applied for is not granted and when for any reason not due to the fault of the occupants they are not allowed occupation for the full period of reservation.

NOTE: "This rule shall not apply to the new Rest House at Cape Comorin (The Cape Hotel) for which separate provision is made as per rule 3B."

7. In case there is no Campshed adjoining the Rest House and if the Rest House has more than one suite of rooms, one such suite of rooms may, with the sanction of the Executive Engineer in charge of the Division, be reserved for officers on tour without limit of time.

NOTE:—Rules 4 to 7 above will be subject to the condition that the travellers will have to vacate the bungalows, even during the periods allowed if required to do so by the Executive Engineer.

8. Preparation of meals in advance of definite requisition is left to the discretion of the Butler. But he is expected to provide all possible and reasonable convenience to the travellers.

9. The first applicant is entitled to choice of rooms. He may not however appropriate to himself more than one suite consisting of one bed room, one dressing and one bath room. Should furniture be taken from an unoccupied room it must immediately be replaced when required by other travellers.

10. When accommodation is required by a family, the subordinate in charge will allocate the available accommodation according to the demand.

11. Every occupier of a Rest House on entry is required to write his full name and address in a register kept for the purpose in the Bungalow. He should also sign in the Occupation Book on payment of Bungalow fees. He is expected to obtain from the butler in charge a cash receipt for all payments for catering.

12. A list of crockery and furniture supplied to the Bungalows showing the value of each article is maintained in the Bungalows. The full value of articles damaged or broken by the traveller or his servants shall be recovered from him before he leaves the Bungalow. The amount so paid should be entered in the remarks column of the Occupation Book.

13. Travellers halting in Rest Houses should pay the fees at the end or every third day of their occupation if the occupation extends over three days.

14. No article shall be removed from the Bungalow except under the orders of the Chief Engineer nor shall the Bungalow be occupied by any other than bonafide travellers.

15. A list showing the names and designation of the servants is posted in the Bungalow for the information of travellers.

1. The P. W. D. campsheds in the State are primarily intended for the use of Government officers travelling on duty and the officers of the P. W. D. in whose direct charge the buildings are, shall have at all times preferential claim for their occupation. Government officers may therefore occupy these buildings without limit of time and have them, if need be, reserved in advance. Application for reservation should be made in advance to the P. W. D. Division Officer concerned. Unless intimation to the contrary is given before the commencement of the period for which reservation is sought for, the officers on whose request accommodation was reserved will be liable to pay the occupation fees due for the period of reservation, whether or not they actually occupy the building.

2. Subject to the provision in rule (1) other travellers also may occupy campsheds and have them reserved for a period of 3 days at a time on formal application to the P. W. D. Division Officer concerned. For reservations for periods in excess of 3 days, the fee shall be double that of the ordinary fees. The full amount of occupation fees for the period of reservation should be sent along with the application for reservation, and in cases of extensions of reservations, the full fee for the extended period should be paid in advance at the commencement of the period of extension. No refund of fees paid will be made except when the reservation applied for is not granted, and when for any reason not due to the fault of the occupants, they are not allowed occupation for the full period of reservation.

(*a*) For each adult for a period of six hours or portion thereof in any one day ...	0	8	
(*b*) For each adult for one day or any longer period than six hours in any one day ...	1	0	

NOTE : i. Members of the same family occupying the same room shall pay only one fee, the word 'family' means a man, his wife and children irrespective of the number or a party of 3 adult members of the same family and the word 'room' means a suite of rooms including dressing and bath rooms.

ii. Only 75 per cent. of the above fees will be charged in the case of Government Officers drawing a salary of Rs. 150 and above up to Rs. 300 and 50 per cent. only in the case of officers drawing a salary of less than Rs. 150. Government Officers, whenever they occupy a P. W. D. campshed, should note their salary in the occupation register failing which they will have to pay the full occupation fees as per rules.

iii. Travellers other than Government officers shall occupy campsheds within the premises of Rest Houses only if the adjoining Rest House is fully occupied. The fee for such travellers shall be at the rate for Rest Houses.

iv. Servants travelling by themselves independently of their masters shall not be permitted to occupy P. W. D. Campsheds. But if they go in advance of their masters to the campsheds or stay behind for packing and removing *samans*, they may occupy the out-houses without payment of fees.

v. When however the masters themselves do not for any reason occupy the bungalow in the course of the day or the night, as the case may be, after the servants begin to occupy the out-houses, half the above rate of fees will have to be paid by such servants for every day of their occupation commencing from the time of their arrival with the *samans*.

vi. When parties of persons make a brief halt at the campshed where there is not accommodation for the rooms to be assigned—one room for every two persons—the rent would not be person-war but would be room-war at the rate of two persons per room for the number of rooms available in the campshed, the term brief halt meaning not more than three days.

vii. 'Day' means a day of 24 hours counted from the hour of arrival of a traveller.

viii. The list of campsheds is given below.

INLAND NAVIGATION IN THE STATE.

The main backwater route in the State is the Trivandrum-Shoranur canal from Trivandrum to northern limits of Travancore about 148 miles in length.

The administration of the above and other backwater routes in the State is governed by the Travancore Public Canals and Public Ferries Act VI of 1096, and the rules framed thereunder. The working of the above Act and the Rules and the control and regulation of traffic in the public canals devolve on the officers of the P.W.D., the Chief Engineer being the controlling officer. The Assistant Engineers, Sub-Engineers, Supervisors, Overseers and Lock-superintendents are *ex-officio* Canal Officers working under the respective Executive Engineers, Alwaye, Kottayam, Quilon and Trivandrum; and they are empowered to regulate and control traffic and to stop any vessel from navigating etc. The licensing and

registering of vessels are being attended to by the Canal Supervisors at Trivandrum, Quilon, Kayankulam, Alleppey, Vaikom, Shertala and Parur and by the special overseers appointed for the work year after year temporarily, and also the Lock-Superintendent, Thottapalli.

As per the provisions in the above Act and Rules, every steam or motor boat, country craft or *vallam* and raft navigating in the above public canals in the State except—

1. Vessels belonging to the Palace and the Travancore Government;
2. Vessels that have been licensed or registered in Malabar under the provisions of the Madras Act II of 1890;
3. Vessels licensed or registered in Cochin under the Cochin Act I of 1092 as amended by Act X of 1095;
4. Vessels belonging to the British Government; and
5. Vessels less than one ton registered tonnage,

have to be registered or licensed. In the case of vessels registered or licensed in Cochin or Malabar, they will be exempted from licensing in this State, if the owners of those vessels reside or have their principal place of business in those Districts and if they do not ply for service exclusively within Travancore limits. Vessels plying for public passenger or goods service or for purpose of trade have to be licensed annually, while vessels, other than steam vessels, intended for the personal use of the owners and not plying for hire, need be registered only once so long as the person in whose name it has been registered continues to be the owner. The fees for licensing and registering the different kinds of vessels are as follows:—

		Bh.Rs.	As.	P.
1.	Steam or motor boats per ton of registered tonnage ...	8	0	0
2.	Other vessels per ton of registered tonnage..	1	0	0
3.	Rafts of timber and bamboos per 100 square feet or fraction thereof ...	0	4	0
4.	Rafts of bamboos Do. ...	0	2	0

Registration fees.

1.	Steam and motor boats intended for personal use ...	40	0	0
2.	Vessels other than steam or motor boats intended for personal use ...	2	0	0

The licenses of steam vessels and country crafts are current for one year, while the licenses of rafts are current only for 6 weeks.

The steam vessels navigating in the waters in the State have to be subjected to half-yearly inspections by the Superintendent, Workshops and Chief Boiler Inspector and the Principal Port Officer, the former regarding the fitness of the engine, etc., of the boats for service and the latter regarding the sea-worthiness, stability and equipment of the vessels. After inspection, these officers issue certificates certifying that the vessels are fit for service

for 6 months. These certificates are issued twice annually, *viz.*, for the first and second half-years from the 1st Chingom and from the 1st Kŭmbhom. The fees for the half-yearly inspections of steam vessels are as follows:—

		Rs.	A.	P.
1.	For vessels of less than 10 tons	12	8	0
2.	For Vessels of 10 tons and above up to 25 tons	15	0	0
3.	Do. 25 tons and above up to 50 tons	20	0	0
4.	Do. 50 tons and above up to 100 tons	25	0	0
5.	Do. 100 tons and above up to 200 tons	40	0	0
6.	Do. 200 tons and above up to 400 tons	50	0	0
7.	Do. 400 tons and above up to 800 tons	60	0	0

N. B.—For special inspection, *i. e.*, other than the half-yearly, double the rates prescribed above are charged.

The licenses of steam vessels will be issued only on production of these certificates of inspection and the license will be in force only for the period for which the certificate holds good. Although the licenses for steam vessels have force for one year, they will cease to be current when the period of the inspection certificate expires; and unless the boat is subjected to inspection again and a fresh certificate is obtained, the license will not have force and the vessels should not be navigated.

All steam vessels used for service should be manned by the required competent crew, *viz.*, Master, Driver and Syrang, who have undergone the necessary examination and obtained certificates of competency from the Chief Engineer. The examination of boat crew is conducted by the Superintendent, Workshops and Chief Boiler Inspector, once in six months at Alleppey, Quilon and Trivandrum. The fees for the examination are Rs. 10 for Master, Rs. 7 for Driver and Rs. 5 for Syrang. The certificates of competency of boat crew are liable to suspension or cancellation by the Chief Engineer for misconduct or default in the discharge of duties. The owners of motor boats wishing to drive them personally and solely for their personal use are not required to take out a Driver's competency certificate.

Steam vessels intended for plying for hire have, in addition to the licenses, to obtain timings, similar to the permits in the case of stage carriages from the Executive Engineer for plying for service between the different places, fixing the hour of departure from the starting station and the hour of arrival at the terminal station, before putting the vessels into service. The timings granted are published in the Gazette. A timing once granted will not ordinarily be altered for six months. The boats are required to adhere strictly to the timings; and any timing not utilised for 3 days consecutively or utilised for less than 25 days in a calendar month is liable to be cancelled, unless such failure is caused by unavoidable circumstances explained to the satisfaction of the officers concerned.

Copies of timings will be posted in vessels and at the different jetties.

Steam vessels intended for public passenger service are required to touch the jetties or wharves on the route. Jetty Maistries are appointed at these jetties to control and regulate the traffic at the jetty and to see that the boats conform to the rules in the matter of number of passengers, cargo carried, time of arrival, etc. Vessels are prohibited from embarking or disembarking passengers from places other than recognised jetties. While issuing certificates of inspection of boats, the number of passengers or quantity of goods each vessel is considered fit to carry is fixed; and any overloading is liable to punishment.

There are no rates of fares authorised or prescribed by Government. Owners of vessels wishing to run their boats for passenger service prescribe a list of fares for the several classes between the terminal and each of the intermediate stations and submit it to the Executive Engineer. The fares charged for the same route by different boat owners therefore differ. But no boat owner shall collect fees in excess of the fees prescribed by him. Any intention of an owner to change the rates of fares once fixed should be intimated to the Executive Engineer seven days in advance.

A statement showing the different routes in which public passenger steam vessels ply is given at the end of this note.

The number of country crafts licensed to end of 1118 M. E. is 12,300 approximately.

The administration of canals in Cochin and British India is governed by Acts and Rules of the respective Governments similar to those in Travancore. The backwaters of Travancore, Cochin and Malabar are inter-connected and there is considerable commercial intercourse among these States. There is therefore a mutual understanding recognised by the three States that the vessels registered or licensed in one State should not be registered or licensed in the other States, subject to the conditions (1) that the vessels shall be registered or licensed in the State in which the owners reside or in which they have their principal place of business if they reside in more than one area and (2) that the vessels do not ply for service exclusively within the limits of one territory in which case they shall be licensed in that State. There is also another mutual understanding that vessels which have to be licensed in one State as per the above principle shall be allowed to ply in the waters in the other States during the first month of the year even if they do not possess the licenses or registration certificates for that year, in order that those vessels may be allowed one month's time to take out licenses or registration certificates from the State to which they belong. The inspection certificates of one State as to the fitness of boats are also recognised by the other States. The punishments inflicted on the boats or boat crew by any one State are also enforced in the other States.

Ferries.

The total number of ferries maintained in the State at Government cost is 338, of which 74 are in Alwaye Division, 101 in Kottayam Division, 126 in Quilon Division, 32 in Trivandrum Division and 5 in Nagercoil Division. TRAVANCORE PORTS.

ALLEPPEY.

The Port of Alleppey, the principal port in the State of Travancore, is situated on the West Coast of India in Lat. 9°30 N. Long. 76°19'40 E. (Light House) and is open to coastal and foreign trade, the latter dating back to the latter part of the 18th century.

As a Sea Port, Alleppey owed its great importance to a mud-bed off the coast which rendered the sea smooth for shipping operations practically throughout the year. The approaches to the Port are free from any outlying danger.

There is a good white revolving cata-dioptric first order light, the apparatus of which consists of nine metallic reflectors, each having a dioptic lens in front, arranged in groups of three. The light from each group where viewed at a distance gives a single beam showing one flash in every forty seconds (or three flashes in one revolution of 120 seconds). The light is exhibited from sunset to sunrise, the height of the centre lantern being 113 feet above high water, and the range of visibility is 16 miles.

Notice to Mariners.

ALLEPPEY ANCHORAGE.

The anchorage offers good holding ground to steamers of all sizes, and vessels anchoring in the Alleppey Roadstead should take up a berth southwards of the Pier with the lighthouse bearing from N. E. to E. N. E., and as close to the shore as possible in order to obtain a quick despatch.

The bottom shoals gradually and the depth of water in which to ancho should be decided according to the soundings obtained. Usually, steamers anchor much too far off shore and without due consideration being given to the set of the current or force of the wind.

The littoral current, close in shore, sets to the southward, sometimes as strongly as two knots when a strong sea breeze is blowing together with a flood tide, making it very difficult for cargo boats to fetch steamers anchored in the roads. Occasionally, a return set to the northward is experienced, but it is usually very feeble, and occurs during the months October to February inclusive. The southerly set during this period is also feeble. During March and April, the sea breeze blows strongly in the afternoon, and consequently steamers loading should anchor well to the south.

The prevailing winds are from the W. N. W.

Steamers with cargo to discharge should anchor close to, and to the southward of steamers taking in cargo so that empty cargo boats from the latter may be able to fetch them. Non-coasting steamers are usually taking in cargoes.

During strong winds, a careful look-out should be kept on cargo boats leaving the shore, and should they not be able to fetch a steamer, she should shift her berth further southward.

If the above directions are followed, it will seldom be necessary for steamers to shift their anchorage.

A mud bed forms occasionally in the vicinity of the Port stretching along the coast for a few miles which gives perfectly smooth water; caution is therefore necessary in approaching the shore.

The anchorage has recently been surveyed by H. M. I. S. "PALINURUS" of the Survey Department, Government of India.

Shipping operations can be carried on throughout the year, as, during the S. W. Monsoon, shelter is usually afforded by the mud-bed.

There is a Pier 985 feet long, (excluding the abutment of 278 ft.) fitted with Two Steam Cranes and Two Hand Cranes, besides eight Cargo Stages for handling bag cargo and such like. The largest crane lifts up to 5 Tons.

Grab Dredger 'Setu Parvati' provided by Government and working under directions of the Principal Port Officer is engaged in the regular removal of sand from alongside the pier to keep the sea clear for Cargo boats to work. To expedite Cargo work and to facilitate the despatch of Steamers at the Port there is the Tug 'Alleppey' purchased by the Alleppey Shipping and Landing Fees Committee and working under the control of the Principal Port Officer.

There is a large Godown accommodation and a canal system connects the inland backwaters with the Port.

The port is an open Roadstead situated off a bight in the coast formed by the Tangacherry Point projecting slightly beyond the coast-line. During the fine weather period from September till May, vessels can anchor in the inner anchorage in 4 1/2 to 5 fathoms of water 4/10 of a mile off the shore. The channel is marked by two buoys during this period. Another buoy is placed to mark the position of the 'Gamaria Rock'. Steamers entering should keep the chimney of Messrs Harrisons and Crosfield factory slightly open to the south of the flagstaff. When in one the flagstaff bears N 45 1/2° E Mag. and leads over the 4 1/4 fathom patch in the entrance channel.

The anchorage has recently been surveyed by H. M. I. S. "Investigator."

PASSPORTS.

It is necessary for Travancoreans to provide themselves with passports when they propose to travel outside India. They have to apply to the Resident for the Madras States for the grant of such passports. Such applications are referred by him to the Travancore Government, in regard to the antecedents, character and financial condition of the applicants. When Travancoreans get stranded in foreign places, it is the Travancore Government that has to bear the repatriation charges. Hence, the Division Peishkar concerned is usually referred to, and on the basis of his report, the recommendation to the Resident is made. It is now usual to take securities, in landed property or personal, to the amount considered necessary for the repatriation charges. In the majority of cases, this is Rs. 2,000 Government will not recommend the issue of passports in cases where such security is not forthcoming.

DECLARATION OF ELIGIBILITY OF SUBJECTS OF INDIAN STATES FOR APPOINTMENT TO THE CIVIL SERVICES IN BRITISH INDIA.

The existing procedure for the issue of declarations of eligibility under Section 262 (i) of the Government of India Act, 1935, is contained in the Travancore Directory 1943, Part I pages 424-426. The Government of India have in deference to certain representations made to them about the practical difficulties of observing the existing procedure, decided that the procedure referred to shall be dispensed with for the duration of the present emergency. In accordance with this decision, Departments of the Government of India will henceforth be free to issue declarations of eligibility, where required, forthwith without any special procedure being observed. The character and antecedents of the subjects of Indian States etc., will however be verified, where necessary, in the same manner as is done in the case of British Indian candidates, where any orders for the time being in force require this to be done.

It will therefore no longer be necessary for candidates to forward such applications and other documents to this Government for transmission to the Resident for the Madras States.
